Monica Lundy + Rodney Ewing: Untethered - Stories of the Fillmore District. Artist reception Sat Oct 1 6-8 pm.

This is what SF/Arts curator Christian L. Frock had to say about Monica Lundy + Rodney Ewing :

"Bay Area artists Monica Lundy and Rodney Ewing come together to tell the history of the Fillmore District community, focusing specifically on the early-to-mid 20th century. During WWII and the Japanese Internment, the Fillmore was largely Japanese; later, it would become an African American neighborhood until the Redevelopment altered it once again. "
